

MARS BIO-MED HAND SANITIZER

Description

MARS Bio-Med Hand Sanitizer is a clear, alcohol-based hand sanitizing gel that effectively kills both Germs and Bacteria and leaves hands feeling clean, refreshed, and smooth. Our Hand Sanitizer is formulated from Pharmaceutical Grade Ingredients. An optimal solution for a variety of daily life situations. It is excellent for on-the-go to the office, school, appointments or restaurant dining. A must for at home and essential for any situation where bactericidal control is critical.

KEEP YOUR HANDS PROTECTED AGAINST ALL TYPES OF GERMS
WITH MARS BIO-MED HAND SANITIZER
